

Date **1/13/2022**

Model Number **32-15-8/14 Adjustable Spreader Beam**

Rated Capacity **30,000 Pounds**

Serial Number **05-64531**

Caldwell certifies the equipment, referenced above, met ASME B30.20 standards effective at the time of manufacture.

Refer to current ASME B30.20 standards for inspection, testing, and maintenance for all Caldwell equipment.

The Caldwell certification is based on the design and condition of the product when shipped from Caldwell in **2005**.

The Caldwell certification does not account for repairs or modifications completed by others.

The rated capacity of each unit is recorded on the identification tag attached to all Caldwell Strong-Bac® products.

Read and understand the Caldwell equipment instruction manual before operating. The user shall understand and act according to industry standards and all other applicable city, state, and federal regulations.

Contact The Caldwell Group Inc. to replace tags and decals that are damaged, missing, or both.

Caldwell's certification is expressly limited to the standards and design criteria listed in the foregoing paragraph, shall not be relied upon by any party other than the addressee of this letter, and does not constitute an express warranty, create any implied warranty which may have been disclaimed by Caldwell, or expand any implied warranty which may apply to the sale of the subject equipment.
